February, 2004

February Announcements

- Patterns SIG meets Feb 18: State and Visitor Pattern
- OOA SIG meets Mar 3: J2EE and .NET
- Mike Clark speaks on Test-Driven Development with JUnit at the next meeting on March 10
- 5 Feb 04 - Sun released J2SE 1.5.

Member Book Swap

Time to go through that bookshelf at home or work and find those Java literary gems that could bring knowledge and joy to another Denver JUG member!

Bring up to five books to March's meeting. You will be given a token for each book donated to the book swap. You can redeem each token for one book.

At the end of the main meeting, books still unclaimed will be available to any member, no token required.

Books should be in relatively good condition and still relevant to using Java today.

Book Reviews

Are you interested in reviewing a book? You will receive a complimentary copy of the book. Book reviews are due within 30 days of receiving the book. If interested, find Tom. Books available at tonight's meeting:

JUnit in Action
Mastering AspectJ
Core JSTL

Sponsors - February

Facilities	Qwest
Food	Microstaff
Door Prizes	Softpro Books Manning Publications Whizlabs Addison-Wesley Bredemeyer Consulting

Membership Benefits

COMPANY	DISCOUNT	DISCOUNT CODE
O'Reilly	20%	DSUG
Pragmatic Programmer.com	20%	DenverJUG_0011
Whizlabs	15%	email web@denverjug.org

DJUG.org

The DJUG domain returns! If you remember the days when you could type in the shorter version of djug.org, you'll be delighted to save yourself the extra five letters. Both domains resolve to the same web site. Emails still require @denverjug.org.

DENVERJUG.ORG

DJUG.ORG

OOA SIG: J2EE and .NET

Why choose .NET over J2EE? Can you choose both? Where do they converge? Where do they diverge? Hear Ashwin Karuhatty, a .NET Developer Evangelist for Microsoft, outline his reasons for .NET. March 3, 2004, 6:15 p.m. Qwest Community Room.
