Promotion Code: JUG304

Java Application Server Platform Edition 8

Java Application Server Platform Edition 8 released. The application server is compatible with the J2EE 1.4 specification and has support for JavaServer Faces (See DJUG Oct 2003). Developers can download version 8 free of charge, as well as bundle it with applications they write without paying a licensing fee.

Java Fun

Major League Baseball relies on JavaServer Pages and J2EE to deliver real-time interactive services such live Internet broadcasts of full games, digital downloads of all playoff games, and live pre-game shows. They had 35+ million page views per day during playoffs.

Java Quiz - Answer

Answer: A,D,E. Does not exist, Method Ready, and Passive are valid states for a stateful session bean. B is a fictitious answer. C is incorrect because stateful beans are not pooled.
