2005 Board Elections

If you enjoy the quality training, monthly meetings, mailing lists, and other benefits offered by Denver JUG, get involved as a 2005 Board Member. The only requirement is an active interest in promoting Java and a sincere desire to maintain and grow the quality of our JUG and its value to members.

We're looking for individuals to serve one-year terms for the following positions:

President

Vice President

Assistant Vice President

Elections in November

Elections will be held in November at 7pm. All Denver JUG members are eligible to run for office and to vote. Members must be present to vote.

Nominations

If you are interested in becoming a Board Member, submit your name and contact information on the sign-up sheet.

Questions

If you have questions about the elections or positions, please email the election coordinator, Renee Dopplck

renee@denverjug.org

Local Events

User Group Meetings

Oct 14 Boulderjug.org
Oct 20 Denver JUG SIG – GOF Patterns
Nov 3 Denver JUG SIG – OOA
Nov 10 Denver JUG Monthly Meeting

Conferences

Oct 24-29 Colorado Software Summit
Nov 12-14 Rocky Mtn. Software Symposium

Tonight's Main Speaker

Mike Clark is an author, speaker, consultant, and most importantly, a programmer. He is author of "Pragmatic Project Automation" and co-author of "Bitter EJB" (Manning). He is the editor of the JUnit FAQ and a frequent speaker at software development conferences. Mike has been crafting software professionally since 1992 in the fields of aerospace, telecommunications, financial services, and the Internet. Mike is the creator of several popular open-source tools including JunitPerf and JDepend. Mike helps teams build better software faster through his company, Clarkware Consulting, Inc.

Tonight's BC Speakers

Scott Ryan is a consultant with Soaring Eagle LLC. and specializes in Java/J2EE and application development streamlining. He is a BEA Technical Director and a committer on both the Beehive and Pollinate projects.

Eddie O'Neil is a Staff Engineer at BEA in Colorado working on NetUI and Page Flow. He's been part of the Workshop team since 2001 working on ease-of-use in programming web applications.
